

DENISE JACOBS

Speaker + Author + Creativity Evangelist

Inspire your audience to step into their creative power to become stronger contributors, collaborators, and leaders.

WHY DENISE?

Denise teaches her audiences how to tap into the power of creativity in order to do their best work.

With Creativity Evangelist Denise Jacobs, the keynote is never just a keynote. Her Creative Doses are informative, entertaining, and magically draw people into a world full of possibility.

Denise grabs her participants' hands, pulls them out of their seats, and takes them on a journey alongside her to show them what reaching their potential might feel like.

Audiences introduced to this world in her high-energy opening keynotes carry the enthusiasm and takeaways with them throughout the rest of the event.

In her closing keynotes, Denise captures the heartbeat of the event, weaving insights and ideas from previous speakers into her own to send attendees home inspired to act.

Denise's keynotes and trainings are catalysts for transformation: many participants have gone on to publish articles, speak, create mentoring programs, and improve their businesses. Denise inspires people to not only find their place in the sun, but to begin to spread a contagion of creativity throughout the world.

Powerful, impactful events need Denise's Creative Dose™.

CREATIVE DOSES

Swipe Left: Banish Your Inner Critic
